

# Science Night *in a Box*

**Our Shared Forests** is a collaborative project of the University of Georgia, the Maquipicuna Foundation & Preserve in Ecuador, and other organizations. Our Shared Forests is designed to bring to light the importance of conserving habitats for neo-tropical migratory birds.

This wonderful traveling trunk program features 11 hands-on activities focusing on 10 bird species that migrate between Georgia and Ecuador.

**Grade Levels:** 2nd through 6th Grades

**Includes:** all materials and instructions required for each activity.

**Does not Include:** volunteers to facilitate each activity!

**Rental Fee:** \$20 non-refundable.

Also available for Classroom Use.
